It's all about creating defined rooms, your own private oasis in the outdoor area, but still open and exposed to the elements - with a sense of enclosure. Luxurious for one, but big enough for two.

Indulgently conceived by the talented eye of respected Danish designer Henrik Pedersen, Cradle is the epitome of luxury. More than large enough for two, Cradle surrounds and comforts. With a selection of shades, privacy can be adjusted to suit. A variety of finish and fabric options as well as an integrated side table mean you can create your very own haven. Henrik states that he has "often seen indulgent pieces of furniture designed to accommodate two and yet somehow feeling ostentatious and contrived". His objective with Cradle "was to create private space that was as subtle as it was effective - full of options to hide away or party - an infinitely changeable piece that could be used whatever the mood and wherever the place."

Constructed with an aluminium frame and available in two powder coated finishes (White or Meteor) Cradle's horizontal slats are beautifully turned solid teak. Accessory side table is available in matching powder coated finishes. The base and back cushion are offered in a wide variety of cushion fabrics, including 8 waterproof options. Accessory shades are available in a neutral fabric that compliments any frame / cushion combination.

## About Gloster

As life gets faster and more complex, the need for quality time and space - the freedom to be you - grows too. At Gloster we open doors to timelessly beautiful exteriors where your furniture sets the mood, just the way you want it to be. And we take the long view, using only the very best materials and techniques available. Our aim is your pleasure - to be enjoyed in countless special moments outdoors.

With offices world-wide and our own manufacturing facility in Indonesia, Gloster's roots can be traced all the way back to West Africa in 1960, where a band of passionate entrepreneurs and furniture makers took the first steps on a long journey. Today, the same passion, conviction and pride that launched the Gloster brand, continues to fuel our business. We may live in a different world than the one occupied by our founders, but one thing remains the same - we are furniture makers whose sole focus is to design and build the world's finest outdoor furniture.
