

LOOP LOUNGE

Broad horizontal lines and assertive angles combine to form the bold, indulgent profile of Loop. But Loop isn't just about first impressions. Look closer and details can be found that further emphasize Gloster's reputation for quality and design. Subtle curves add a level of sophistication. Back straps are deliberately wide to unite materials used. And the junction between strap and teak is proudly displayed, creating a confident line that further unites all seating options.

Loop was conceived by Henrik Pedersen with the purpose of creating a collection that would stand out in any space. As the name suggests, Loop's iconic lines were first drawn with the notion that they would cross design boundaries. Simple and ever popular Scandinavian nuances give way to cleverly integrated comfort. A variety of seating and occasional table options offer far more than Loops simple first impressions imply.

The Danish designer says "Loop is Loop for so for many reasons - to me and perhaps to others it represents a circle in design - looking back to styles that have come before but moving on, all at once. Then of course the materials are physically a loop for structure."

A Lounge Chair, Ottoman, 2-Seater and 3-Seater Sofa represent the full seating offer with alternating width slatted coffee and side table to accompany. Teak frames and luxurious cushions are supported by partially elasticated outdoor webbing straps available in 3 colourways - Cadet, Charcoal and Pebble.

About Gloster

As life gets faster and more complex, the need for quality time and space - the freedom to be you - grows too. At Gloster we open doors to timelessly beautiful exteriors where your furniture sets the mood, just the way you want it to be. And we take the long view, using only the very best materials and techniques available. Our aim is your pleasure - to be enjoyed in countless special moments outdoors.

With offices world-wide and our own manufacturing facility in Indonesia, Gloster's roots can be traced all the way back to West Africa in 1960, where a band of passionate entrepreneurs and furniture makers took the first steps on a long journey. Today, the same passion, conviction and pride that launched the Gloster brand, continues to fuel our business. We may live in a different world than the one occupied by our founders, but one thing remains the same - we are furniture makers whose sole focus is to design and build the world's finest outdoor furniture.
