

“It’s executed at a high quality and looks comfortable.”

—HD Awards judges

winner

Mixing Scandinavian-inspired teak frames with woven all-weather fiber seats, the WRAP outdoor seating collection from **Gloster** combines sustainably sourced teak, performance cushions, and weather-resistant materials engineered for year-round endurance. [GLOSTER.COM](https://gloster.com)

finalist

Stone Yard’s Saturno planter pairs GFRC or Fiberstone bowls with a blackened powder-coated steel frame. Inspired by midcentury design, its sculptural hourglass base brings architectural presence to any outdoor setting. [STONEYARDINC.COM](https://stoneyardinc.com)

finalist

Crafted from FSC-certified sapele wood, recyclable aluminum, ceramic, and travertine, the Meridies line from **Expormim** takes inspiration from natural forms, such as petals and seeds, to create a sculptural and comfortable collection in harmony with nature. [EXPORMIM.COM](https://expormim.com)
